To whom it may concern,

I am writing to inform you of my interest in becoming a member of your company. Currently, I am a student at the University of Puerto Rico in Humacao. Through my past experiences, I have learned to communicate with different groups of people effectively as well as participate in community service. I lived in New York last summer so I could gain a little experience both in life and at work.

While I was at NY Softee Depot, I also gained some experience in social media. During my time there, I helped managing the company Instagram. I was able to contribute with the foundation of the company on social media which they still use today to increase their business.

Although I collaborate with their social media account, I cooperate daily by making orders. The high demand of orders helped practice time management. Every person I served, embraced me to be more helpful. I am available to work about 18-25 hours per week but I am flexible.

Thank you for the consideration of my candidacy.

Sincerely,
Julivette Misla
